

Join us for the all NEW 2010 Ladies Retreat

We're doing something new this year and can't wait to share it with you!

- ⌘ **New facility:** Ladies Retreat will be one of the first events in the new Maranatha Conference center. This wonderful facility overlooking the lake has the space and technology to allow us to offer a whole new retreat experience.
- ⌘ **New format:** This year we are offering a "retreat within a retreat" for those with different scheduling needs. Saturday is a stand-alone workshop that will cover the Detours to Destiny and God's Promises for Redeeming your Future. Women who plan to stay for the whole weekend will enjoy additional sessions on Friday and Sunday that expand on Saturday's workshop for a powerful, in-depth experience. Invite friends, family and women in your church to attend and build stronger relationships during the informal connecting times in the evenings.
- ⌘ **New approach:** Interactive workshops present information in an engaging way that incorporates multimedia, music, personal reflection and small group discussion with information presented by a speaker/facilitator. Our workshop leader, Lorre McKeone, has operated her own business since 1986 where she creates and leads customized training sessions and facilitates meetings for businesses and organizations. About a decade ago she accepted Jesus as her personal Savior and is passionate about seeking His will for her life. Over the past few years God has opened up opportunities for Lorre to serve in leadership in women's ministry and she is excited to be able to use her speaking and writing skills for the Lord.
- ⌘ **New options:** The new "Late Night @ Ladies Retreat" gives you a block of time on Friday and Saturday evening for those things that you enjoy most about a retreat at camp. Kick back and relax as you enjoy conversation, games and laughter with other ladies. Or get out and get active in one of the planned group activities or other camp options like the climbing wall, volleyball or roller skating.
